BUSINESS

The job of the business development professional is typically to identify new business opportunities—whether that means new markets, new partnerships with other businesses, new ways to reach existing markets, or new product or service offerings to better meet the needs of existing markets—and then to go out and exploit those opportunities to bring in more revenue.

Business development involves evaluating a business and then realizing its full potential, using such tools as:

- Project Report or Feasibility Study.
- Forming Business Development strategy for Member.
- Product information and selection.
- Providing platform and guidance related to managing events of inter cultural festival celebrations.
- Create bridge between India and other country by the way of transferring technology and creating business opportunity.
- We help our client to transform their business through technology and encourage them to exploit the business potentials of the latest trends and technologies.
- Implementation of IT Infrastructure for Business Solution.

To Provide feasible solution in company introduction stage, such as :

- Providing skilled manpower.
- Setting up stable business turnover,
- Event Management for business development.
- Create market awareness.

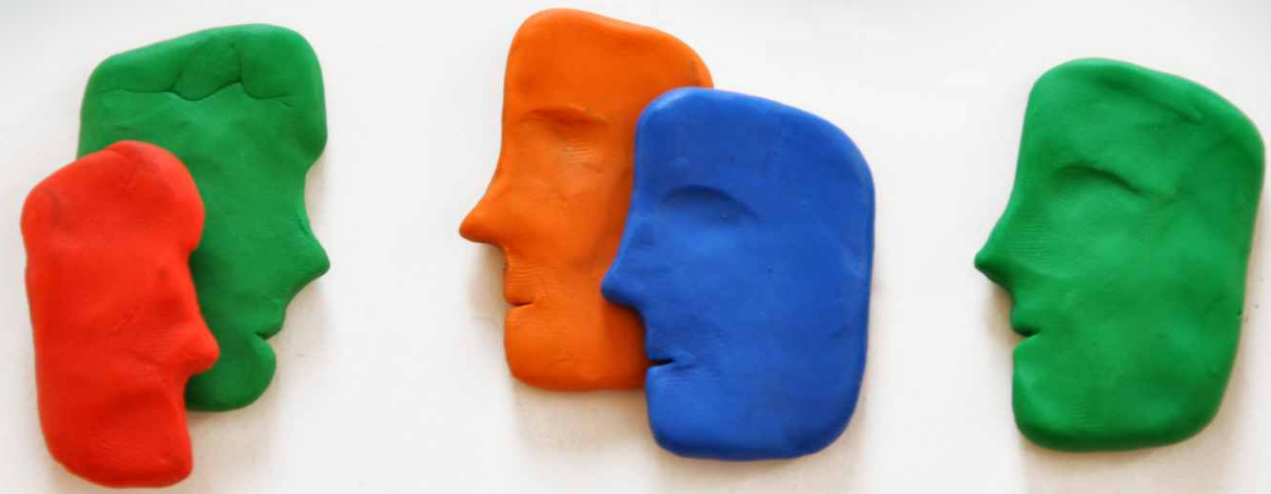

INVESTMENT

Once we unearth a potential opportunity, our Financial Experts spend countless time to research the companies, to see what will deliver the best returns for your money. So, constant updating of investors' knowledge base is just part of the service package we offer our members. At the core of our investment philosophy lies our commitment to providing consistent returns through sensible investment management practices, because your money is precious.

Paramount Solutions has expertise that spans across various asset classes including equities, fixed income, derivatives, structured products, Capital guaranteed notes, currencies, alternative and non-correlated investments, commodities, precious metals, real estate and artifacts.

Our experience in wealth management covers functional areas such as :

- Encouraging and creating Investment Opportunities for NRIs and managing their wealth.
- Liaisoning with different govt/Non profit agencies.
- Promoting investment project across the glob.
- Advisory Services
- Client Servicing
- Research & Analytics
- Portfolio Management
- Private Banking
- Risk Management
- Investment & Fund Accounting
- Performance measurements
- Compliance & Reporting

SOCIETAL SERVICES

Social responsibility is an ethical ideology or theory that an entity, be it an organization or individual has an obligation to act to benefit society at large. This responsibility can be passive, by avoiding engaging in socially harmful acts, or active, by performing activities that directly advance social goals.

Paramount Solutions voice the needs of India's 90 million (current estimate) population, and directly impact the lives of lakhs of elders through our network every year.

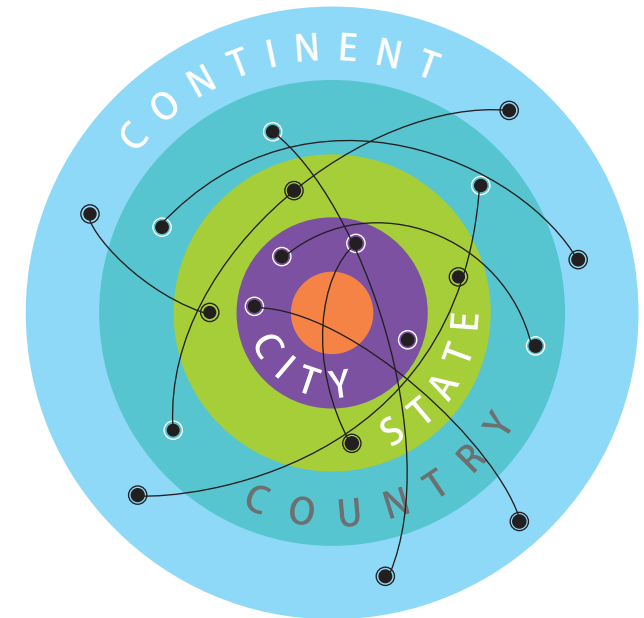

- To create youth power and developing them mentally, physically and spiritually.
- Inculcating them in the "values" i.e., selfless and dedication.
- Aimed at Upliftment of the underprivileged.
- At Paramount Solutions, high performance network is not just about helping our members to succeed, but also actively participating in the development of the communities we are part of . Responsible citizenship is a part of our identity and is embedded in the core values and principles of our business.
- Our Responsible citizenship efforts are centered on delivering tangible outcomes through a mix of giving :
 - Knowledge
 - Time
 - Money
 - Energy
